ID FINE **IDENTITY** OF THE CHEF

The harmony of food and plating offers endless and unique possibilities, just like our existence. While all chefs try to achieve a unique harmony, they add their creativity and character to every presentation.

ID Fine promises chefs who say "I define good food" to stand out on every plate. We are here to bear the chef's signature as a quiet yet powerful accompanist.

OUR PROMISE LIES WITHIN OUR LOGO

DEFINE DINING

We offer chefs a unique brand promise: each articulation of ID is a manifestation of their very own being.

GET THE SPOTLIGHT

The movement of the frame in our logo represents our flexibility. Our products mirror the chef's identity with every touch.

HUMBLY LUXURIOUS

ID's sleek and minimalistic logo reflects our niche designs that understand and embraces HoReCa perfectly.

CUSTOMIZATION

Customization is a trend that is here to stay, and it's not just limited to clothing and accessories. Even something as mundane as tableware can be personalized to add a touch of uniqueness and exclusivity to your dining experience.

At our company, we offer the option of customizing your tableware with your logo or any design of your choice. This is especially useful for the horeca industry, as it allows you to create a cohesive theme for your restaurant or establishment and establish your brand identity.

But customization is not just about aesthetics. It's also about practicality. By having your logo or design on your tableware, you can easily identify your dishes at a crowded event and avoid mix-ups. This is especially useful in situations where you have a large number of guests and multiple tables.

We have a minimum order quantity of 1500 pieces for customized tableware. However, for repeat orders, we offer a reduced minimum order quantity of 500 pieces. This makes it more convenient and cost-effective for our customers to place repeat orders and stock up on their customized tableware.

MIX & MATCH

If you're in the restaurant industry, you know that presentation is everything. From the lighting and decor to the tableware, every detail matters when it comes to creating a memorable dining experience for your guests. That's where ID Fine's mix and match collections come in.

With ID Fine, you have the opportunity to create your own unique concept for your restaurant. Rather than being limited to a single, pre-selected collection of tableware, you can choose from a variety of pieces to create your own custom look. This not only allows you to express your personal style and vision, but it also gives you the flexibility to change your concept as trends and preferences evolve.

But mix and match collections aren't just great for creating a unique dining experience - they can also be a smart investment. With ID Fine, you can update your restaurant's look with just a few key pieces, rather than investing in a whole new collection. This means you can keep your restaurant current and on-trend with less investment.

And let's not forget about the supply chain. Mix and match collections can help to reduce waste and streamline the supply chain by offering a variety of options rather than a one-size-fits-all approach.

In short, ID Fine's mix and match collections offer a winning combination of creativity, flexibility, and sustainability. So why wait? Explore the options and start creating your own custom collection today!

MODEST

Modest collection is defined by its timeless design and understated simplicity, making it the perfect choice for any occasion.

What sets Modest apart from other tableware collections is its hand-painted rims in rich brown deep navy blue and warm green. These rims frame the food, drawing the eye and creating a beautiful visual contrast. The hand-painting process adds a touch of human warmth and artistry to each piece, making them truly one-of-a-kind.

At ID Fine, we believe in the importance of preserving traditional techniques like hand-painting. It adds depth and character to our tableware and helps to define the dining experience for our customers.

In a world that often feels rushed and impersonal, we appreciate the human touch and the timeless beauty of a well-crafted, hand-painted piece. That's why we are proud to offer the Modest collection, a simple yet elegant way to define your dining experience.
